

# ART

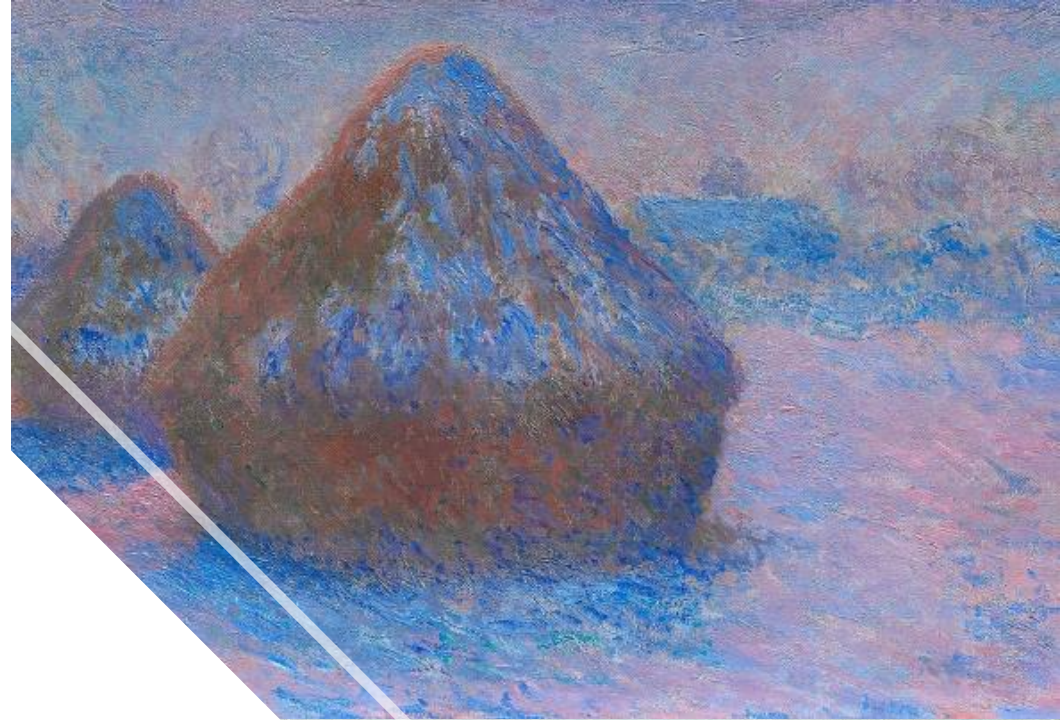

L.O. Use  
Monet's style  
to create a  
scene for our  
own artwork

Yesterday you  
created 2 of your  
scenes.

Today, do the last  
2 in the 2  
remaining sections  
of your paper.

I finished mine!

# This was my initial idea and ideas of how to vary each picture.

This is what I started with.

Which things did I include and which bits did I miss out?

Storm – grey skies with clouds, big waves on the sea, rain, no shadow on lighthouse

Nighttime – moon, beams of light from top, dark skies, black sea, all buildings grey, Moonlight on water

Sunrise – sun coming up over the sea. Pink, orange skies, sun sparkling on sea

I hope you can tell which is which!

Next week you will be doing an evaluation of what you created.

I will do one of my picture too.

**Your turn! Time to do your  
final 2 pictures.  
Good luck**

***Then you have finished! Keep it safe for  
next week's evaluation.***
